CONSENT FOR SERVICES

Welcome to the Boston Child Study Center, located at 729 Boylston Street, 5th floor in Boston, MA. This statement provides important information about the services provided by the Boston Child Study Center, practice policies and procedures, and you and your child's rights and responsibilities as patients. Please read this document thoroughly and be sure to raise any questions or concerns with your therapist as soon as is feasible.

Description of Practice:

The Boston Child Study Center specializes in evidence-based treatment for anxiety, behavioral, and mood disorders. As such, your therapist will make every effort to provide the most appropriate evidence based interventions or will provide the necessary referral information if he/she is not able to provide such care personally. The Boston Child Study Center does not discriminate against any individual on the basis of race, color, ethnicity, religion, sex, age, national origin, sexual orientation, or socioeconomic status.

Nature of Services:

Initially, you and your child will meet for a diagnostic evaluation, which may take place over one or two visits depending on your needs and the discretion of the clinical team. This evaluation will help determine the nature of your child's symptoms, concerns, and difficulties, as well as whether the services provided by the Boston Child Study Center are appropriate for your family's needs. The diagnostic evaluation typically consists of an initial consultation with one of our program directors and may also include a structured diagnostic assessment for caregivers and your child which may take up to three hours to administer. The goal of this process is to assessing your child's functioning including their ability to regulate their emotions and behaviors, to gather past/current psychological functioning, past/current psychiatric treatment, as well as academic, social, and family functioning in order to determine the best course of treatment. If your child has a current treatment provider, your therapist may ask for your written consent to speak with that person if it is likely to help in making assessment or treatment decisions for your child's care. The fee for this evaluation is \$750 unless otherwise discussed or revised through the sliding scale before the meeting is held.

After the evaluation, the therapist will give you feedback, make recommendations for further services, and describe various treatment options that may be a best fit for your child's needs. If you are offered services through the Boston Child Study Center, we will describe what will be required of you and your child, what you and your child can expect in treatment, and address any concerns or questions you may have. If you accept treatment with the Boston Child Study Center, a fee will be set based on the standard fees applicable to the services and provider(s) you are assigned unless otherwise stated or revised through the sliding scale (see below). You will either be placed on a treatment wait-list or begin working with a therapist at their and your earliest convenience. You may also request referrals at any time during the treatment process if you are either not interested in waiting for services or if you do not feel our services are a fit for you and your family. The Boston Child Study Center encourages you to bring up any questions or concerns during the treatment process, as many issues can be problem solved effectively together. You are free to withdraw from treatment at any time.

729 Boylston Street, 5th Floor, Boston, MA 02116 | P: (857) 400-9211 | F: (866) 496-3029

www.BostonChildStudyCenter.com

As a condition of your receiving services with the Boston Child Study Center, your information will be stored confidentially in a password protected electronic medical record database. This database may be used for retrospective research (if so all of your information will be de-identified), quality assurance checks, and program evaluation purposes. This information is utilized in such a way that protects your anonymity and keeps your personal records confidential. You may also be asked to participate in other research projects conducted either by the Boston Child Study Center or an affiliated associate, but you will not be included in an additional project without your written consent. Clinical services with the Boston Child Study Center are strictly voluntary.

Policies and Fees:

The Boston Child Study Center is an evidence-based, fee-for-service, faculty practice comprised of psychologists, neuropsychologists, social workers, and clinical psychology trainees. Typically, families initially meet with one of our program directors for an initial consultation to determine a preliminary diagnosis, conduct a functional cognitive behavioral assessment to identify underlying causes of symptoms presented, determine the appropriate level of care, and identify the best treatment team/ program for you and/or your child. Our Cognitive Behavior Therapy (CBT), Dialectical Behavior Therapy (DBT), Parent-Child Interaction Therapy (PCIT), and Intensive Outpatient Program for Complex Care each offer a comprehensive team approach including a comprehensive evaluation, individual therapy, family therapy, exposure coaching, skills training/coaching, and parent coaching to address your identified treatment goals. We place a top priority on matching your needs to the appropriate evidence-based treatment and may provide outside referrals if we determine that a better treatment match exists elsewhere.

Group policies: DBT Skills Training Groups require a 24 week commitment. Missing 4 groups will require an individual session to learn the missed group content and reestablish commitment prior to returning to group. DBT Skills Integration Groups require a 16 week commitment. Missing 3 groups will require an individual recommitment session prior to returning to group. DBT/CBT Skills Training and Skills Integration Groups for Parents require a 12 week commitment. Missing 3 groups will require an individual session to learn the missed group content and reestablish commitment prior to returning to group. New members are admitted to the groups on a rolling basis based on availability. Group members may have the opportunity to continue in group for additional time if treatment goals are established. Members of DBT Skills Training and Skills Integration Groups for Adolescents and Young Adults are required to be in ongoing individual DBT with skills coaching. Those in ongoing individual CBT may also be admitted to the group on a case by case basis. An intake session is required before starting any group. Parents agree to inform group leader of any changes in patient's treatment team. Attendance policies and other group requirements may differ based on the specific group and will be communicated to you and/or your child prior to starting in any group. Missed appointments or cancellations made less than 24-hours in advance are billed at the standard session rate, except for declared snow or weather emergencies.

729 Boylston Street, 5th Floor, Boston, MA 02116 | P: (857) 400-9211 | F: (866) 496-3029

www.BostonChildStudyCenter.com

Our service rates are "fee-for-service" as we do not accept insurance. We offer a sliding scale which is granted on a need basis. If you wish to apply for the sliding scale we request that families provide documentation of your total family income, the number of legal dependents that you are financially responsible for, and the number of family members currently enrolled in fee-for-service treatment. After review of these documents, we will provide an adjusted fee for you to review before deciding whether to proceed with services. We also provide "insurance-friendly" statements that include many of the service codes and information your insurance company may require for you to submit for "out-of-network" reimbursement. Note, we do not guarantee that any portion of the fees will be reimbursed. While we try to provide you with the information needed or requested by many insurance companies, we do not work directly with insurance companies nor do we enter into single case agreements. If appeals paperwork or communication is required, this time will be billed directly to your family and will not be covered by your insurance company. Telephone, email, completion of outside paperwork (paperwork requested for outside BCSC use such as, your insurance company, school, etc.), travel, and video-conferencing consultation is billed at your therapy services rate.

Payment is due at the end of each month for the balance on your account and can be payable by check, debit card or credit card (Visa, MasterCard, Discover, Amex), or flex-spending debit card. We require that all clients provide a credit or debit card on file to be used as a primary method of payment or as a back up payment for late or outstanding bills. You may select to have your card billed as a primary method of payment which will be billed through our monthly auto-pay system or you may select to pay by check each month and use your card as a back up payment method for late or outstanding bills. If payment by check is not received within 30 days of the previous billing period your back up card on file will be processed for the outstanding balance due on your account. After your account is processed you will receive a statement via email unless you specify another preference for receiving your statements, which will serve as your receipt of payment. If you would like to request a statement citing services rendered and/or the balance on your account you may do so in writing at any time by emailing Emily Hartson at EHartson@BostonChildStudyCenter.com.

Missed appointments or cancellations made less than 24-hours in advance (except for declared snow or weather emergencies) are billed at your standard session rate. A snow or weather emergency qualifies if the school district in which you reside is closed due to weather on the day of your appointment. Most standard treatment fees are listed below:

Standard Patient Fees:

Initial Consultation:	\$15 - \$750
Comprehensive Neuropsychological Assessment:	\$1,600 - \$4,500
Functional Cognitive Behavior Assessment:	\$750 - \$1,500
Intensive Anxiety Treatment Program:	\$1,600 - \$3,800
Individual/Family CBT Doctoral/Masters Clinician:	\$15 - \$250
Individual/Family CBT Supervised Clinical Extern:	\$15 - \$150
Individual/Family DBT Doctoral/Masters Clinician:	\$15 - \$275
Individual/Family DBT Supervised Clinical Extern:	\$15 - \$200
Individual/Parent Group Therapy:	\$15 - \$125
College Counseling:	\$15 - \$275
Executive Functioning Coaching:	\$15 - \$250
Professional Training/Talk 1-3 Hours:	\$1,400
Professional Training/Talk 4 Hours-Full Day:	\$2,400

729 Boylston Street, 5th Floor, Boston, MA 02116 | P: (857) 400-9211 | F: (866) 496-3029

Confidentiality:

All clinical records are kept in a secure electronic medical record or secure filing cabinet. The information you provide during the course of your child's evaluation is confidential and will not be revealed outside of the Boston Child Study Center without your written permission, with a few exceptions that are described below:

- 1) Brief written summaries of each patient contact are required to be kept. These records could be subpoenaed by a court of law under certain conditions;
- 2) If your therapist has reason to believe that your child or another child/elder/disabled person is being abused, or if you have any information regarding such abuse or neglect to another, your therapist is required by law to notify the appropriate Child or Adult Protective Agency;
- 3) If your therapist has reason to believe that your child is at risk of making a serious and/or imminent attempt to hurt or kill him/herself or someone else, we are required by law to notify related emergency personnel or victims. In such cases we may be required to complete paperwork with the state involuntarily hospitalizing your child;
- 4) If there is a criminal or civil legal action related to sanity or competence;
- 5) If you initiate legal action or ethical charges against the Boston Child Study Center;
- 6) If you request disclosure by signing release of information form;
- Sometimes children and adolescents may choose to share personal information with their therapist. Typically, the specific content of the therapy sessions will not be shared with their parent unless the adolescent agrees to it, or unless it is necessary due to adolescent evidencing imminent risk of harm to self or others. However, if parents or guardians ask, we are required by law to keep parents or guardians informed of the child's progress.

Emergencies:

The Boston Child Study Center clinical hours of practice are typically 9am to 7pm Monday-Thursday and 9am to 5pm on Friday. If your therapist is not available to immediately answer your call during those hours, he/she will return your call as soon as possible during operating hours. Email should only be used for scheduling updates and not used to provide your therapist with clinical or personal information (as email is not a secure mode of communication) nor should email, text, or voicemail be used in emergencies. The Boston Child Study Center staff has limited availability to respond to crisis situations (i.e., while working with another family, overnight, weekends, holidays, etc.) For this reason, it is crucial that you are aware of other services available in the community in the event of a crisis or emergency. If you experience crisis or an emergency you should call 911 or go to your local emergency room. Upon arrival to the emergency room, you can call your therapist to provide an update around the status of your emergency care (name of the hospital, name of provider at hospital, number where you can be reached) and we will, at our earliest availability, get in touch with you and your provider (upon written or verbal consent for release of information). If you or your therapist believe that your child's well-being may be at risk due to limitations in your therapist's availability and/or crisis coverage, please let your provider know both in person and in writing and he will help you find a more suitable site to provide your care.

STATEMENT OF AGREEMENT:

By providing consent, I am indicating my understanding that the purposes of the initial evaluation are to assess my child's or my current difficulties, help determine the best plan for addressing my child's or my mental health needs, does not ensure that my child or I will necessarily be assigned to work with a specific staff member of the Boston Child Study Center, that the Boston Child Study Center does not ensure that your insurance provider will reimburse you for the services rendered with the Boston Child Study Center, and that I will be given referrals if it is determined that the Boston Child Study Center is not a suitable match to address my child's needs. I understand that if I have any questions about the evaluation, treatment, or its use, I may ask my therapist, Dr. Madigan, or Dr. Lambright about them at any time.

By signing this statement I am indicating that: 1) I have read the Boston Child Study Center's Consent for services form <u>in</u> <u>its entirety</u>, 2) I have had any questions or concerns regarding this form addressed by the Boston Child Study Center staff, 3) I fully understand all information contained therein, and 4) I freely agree that my child and I may participate in the services offered.
